WITH THE HAMS

Spring is here, so CQ's and DX's will soon be filling the airwaves around the MSOE Amateur Radio Club's ham shack. And that means it's time for all students interested in the great hobby of amateur radio to join up with MSOE's own amateur radio station, W9HHX.

Big plans are in store for the ARC this Spring and they include fun for all. The next meeting is Friday night, April 20, so come down to the ham shack and sign up. Remember, you don't need to be a "ham" to join the ARC. For those who are interested in getting an operator's license, the ARC offers its facilities. All MSOE students are welcome.

Be sure to make use of the suggestion box on the W9HHX bulletin board in the main hall of the Broadway building and watch it for notices of future events.
